Board in private families, including room, fuel, lights, and washing, is from two to four dollars per week.

All College bills *must* be paid invariably in *advance*, or an obligation with satisfactory security must be given for their payment.

Students who board in Commons are required to pay one half of their board at the beginning, and the remainder at the middle of the session. Parents can, therefore, readily estimate the general expenses of their sons here; and it is particularly requested that they would not furnish them with money beyond what is necessary for their ordinary expenses. Those who are furnished with much spending money accomplish but little in their studies, and are liable to form habits which will require their removal from school.

DISCIPLINE.

Every student is required to be in his place at all stated exercises, from the beginning to the close of the session.

All unexcused delinquencies are registered; and when the number amounts to five, or any number more than five and less than ten, notice thereof is given to the student and to his parent or guardian.

When the number of unexcused delinquencies amounts to *ten*, the student ceases to be a member of the College.

Students are also dismissed whenever, in the opinion of the Faculty, they are pursuing a course of conduct detrimental to themselves and to the College.

Students are not allowed to absent themselves from the College without permission from the Faculty.

Prayers are attended in the College chapel every morning, with the reading of the Scriptures, and all the students are required to be present.

Maryville College.

Maryville College is situated in Maryville, on the Knoxville and Charleston Railroad, sixteen miles south of Knoxville.

It was founded in 1819, by the Rev. Isaac Anderson, D. D., who was its honored and able President for thirty-eight years.

The grand motive of the founder may be stated best in his own words: "*Let the Directors and Managers of this sacred institution propose the glory of God and the advancement of that kingdom purchased by the blood of His only begotten Son as their sole objects.*"

Inspired by such a motive, he gathered a class of five in the fall of 1819, and in prayer and faith began and prosecuted the great work of his life.

The College was in continuous operation from its beginning up to the spring of 1861, when its work was suspended by the war, but resumed again in the fall of 1866.

During this time it has educated and sent forth, in the single profession of the ministry, more than one hundred and twenty men, nearly all of whom are natives of East-Tennessee.

Its work, thus far, has been accomplished with very limited means.

Its principal and almost only endowment has been the prayers, the faith, the self-denying and indefatigable labors of its founder and the professors associated with him.

The friends of the Institution are resolved to sustain it, and are making every effort to secure for it such an endowment as will enable it to do well the great work for which it was founded.

Young Ladies, qualified to join any of the classes in the College, are allowed to avail themselves of its advantages.
